

SURVEY OF RINGERS

Make your views known

Just ring at your local tower?
Keen on peals?
Just learned to ring?
Ringling 50 years?
Tower grabber?

It doesn't matter – you can
ALL help influence the future
of ringing.

CRAG is an independent group set up to suggest ways in which the Central Council could be improved.

We now need feedback on some of the proposals we are considering by way of a short online survey that we hope you will complete.

The survey and background to CRAG's work may be found at cc-crag.weebly.com
