THE NEWSLETTER OF THE TONBRIDGE DISTRICT OF THE KCACR

2013 FIRST QUARTER EDITION

## Annual District Meeting

PHOTOGRAPH: NIGEL CHADWICK

THIS YEAR'S ANNUAL DISTRICT MEETING was held on Saturday 6th October at Sts Peter and Paul Edenbridge. Ringing Master Tim ran the ringing, accommodating all abilities and culminating in a service touch of a bob course of Stedman Triples.

During tea, a hearty rendering of 'Happy Birthday' was conveyed to Alex Staff in Sweden via Kathy's mobile phone.

A vote of thanks, proposed by Tessa Worthington, was given to the Revd Stephen Mitchell who took the service, Bob Dunn who played the organ, Sheila Parrish and members of the Edenbridge band for laying on a sumptuous tea, and to Richard Dyson and Kathy Staff for making the arrangements.

The meeting, chaired by Eric Roughley, opened with a minute's silence in memory of Doris Colgate and Sheila Dobbie.

Four new members were elected. Gillian Bone from Penshurst, and James Baldock, Scott Baldock, and Thomas Parrish from Edenbridge.

Mike Bullett presented the Treasurer's report noting a decrease (again) in the Spliced Fund. He encouraged all towers who do not participate, to charge an extra £10 for each wedding to be donated to the Spliced Fund and thence to the Bell Restoration Fund.

Following the sad death of Sheila Dobbie (see obituary in previous *Look to*) we have no contact with West Peckham which has no local band and is looked after by the Mereworth ringers. Preliminary soundings suggest that Mereworth ringers and Maidstone District see the logic of transferring West Peckham to Maidstone District and this suggestion was approved by the meeting.

The new District committee was elected:

**Chairman:** Angela Clark

**Secretary:** Tony Cresswell

**Treasurer:** Mike Bullett

**Ringing Masters:** Catherine Heathcote & Tim Lynch

**District Reps on KCACR General Committee:**

Eric Roughley & Mike Worthington

**Look to editor:** Phil Jones

Ringling resumed after the meeting and included call changes, Grandsire Triples, Yorkshire, and Spliced Plain and Little Bob.

## District Carol Service

### Leigh, 8th December

LEIGH WAS THE VENUE for this year's District carol service on 8th December which drew a reasonable attendance of around 50.

Our Ringing Masters organized ringing that preceded the service, following which, mulled wine à la Lewis and mince pies were enjoyed before further ringing.

Thanks must go to all who contributed to the success of the occasion and to Mike Bullett for organizing.

Braumeister Frank tops up Tim, whilst Chairman Angela ponders the mince pies.

## Training Days

THE NEXT TRAINING DAY will be on Saturday 2nd March for students wishing to learn or improve either **Rounds and Call Changes**, or **Plain Bob Doubles**.

Training Days usually run between 9.30am and 1pm. There is a brief theory session to start, a coffee break mid-morning and two sessions of ringing. Each student has the opportunity throughout the day to ring individually with six other experienced ringers.

The sessions are all lead by an experienced 'Ringing Master' and are tailored to the needs of each student. It is possible to accommodate three students at each tower.

Please let me know if you would like to attend:

## Apologies...

In the last issue of *Look to*, Jacqui Fletcher should have been credited and thanked for supplying the 1979 edition of the *Courier* that carried the photograph of the Tonbridge band.

## How many Ups and Downs? The Raising and Lowering training day.

TIM LYNCH: Hiya. How is it going?

BRIDGETTE: Still got all my fingers and haven't knocked anyone's glasses off yet!

TIM: Yay! And still at it? How many ups and downs?

BRIDGETTE: Lost track of how many times. Very good day. I have been in a group with Catherine who was on the London outing.

TIM: Catherine Lewis? Rings at Brasted.

BRIDGETTE: Yep. She co-wrote the book you gave me. Very patient teacher.

TIM: Mixing with the famous then.

*Text conversation between myself and Tim Lynch, the Tower Captain at my home tower.*

On Saturday 27th October a group of shivering ringers waited in the freezing cold outside St Nicholas Church in Leeds village and it wasn't much warmer inside the church!

The day started with a demonstration of raising and lowering by Catherine Lewis with expert commentary by Daniel Brady. They made it look far too easy...

After splitting into small groups (I headed for the group of complete novices tutored by Catherine) we all got to have a go at it. This is where we found out just how easy Catherine had made it look and how difficult it was in reality. My biggest challenge was making the

loops when lowering the bell. I discovered just how little co-ordination I really have.

Catherine was extremely patient and by the end of the morning we were all feeling much more confident. A much needed pub lunch fuelled us up for an afternoon full of more practise.

It was an extremely enjoyable and useful day and I would like to thank all those who gave up their Saturday to tutor us.

I came away with all my fingers intact and a lot more confidence to tackle raising and lowering in my home tower (Tonbridge).

## Around the District

### The sound of bells at Tunbridge Wells – again

THE FESTIVE SPIRIT came to a somewhat sad and unused belfry on the evening of 23rd December as a group of us met to ring for the candlelight carol service at St Peter's, Tunbridge Wells.

There being no regular band it was an unusual event for us and the regular church goers. One or two had never rung there before and the 'learner' amongst us made us up into a very creditable rounds and call change band when we rang all eight.

The sound of the bells was obviously unusual enough for a group of adults and six children to come and see what we were up to and how we made the bells ring.

Some of us stayed for the carol service with coffee and mince pies afterwards. We also made our number with the local incumbent in order to maybe smooth the way for a regular Sunday service ring perhaps once per month in the future. Watch this space...

So thank you to those who took part – you know who you are! I am sure the bells enjoyed being rung for a service in the run-up to Christmas and we may even have got away with no complaints from the neighbours this time.

### A touch of seasonal nonsense

IN THE IMMORTAL WORDS of Eric and Ernie, all the letters are there, but not necessarily in the right order. Most (but not actually all) of the odd names and places are anagrams of real people and places in the Tonbridge District (aka *ostrich bedding titter* or even *dotting tetchier birds*). Even the tower photo has a sort of relevance.

### The annual Cowden Outing – Hops & Ghosts...

ON 10TH NOVEMBER, later than usual as the clocks had gone back, we set off towards the hopfields of Kent for the annual Cowden outing. First off St Margaret's Barming (9-3-7). A lovely peal of six rung from a raised chamber, the church being situated on the edge of Maidstone but surrounded by open fields!

Next stop St Bartholomew at Bobbing (8-2-21) – a nice ring of six, but not quite enough preparation for the following heavy eight in St Michaels Sittingbourne (19-0-6)!

So very enjoyable about this outing was the fact that the six of us from Cowden were joined by friends from Edenbridge, Hever, Lingfield and of course our very own tower steward and district treasurer – Mike Bullet! – resulting in a fantastic eighteen ringers in total. A good few of these are in the earlyish stages of their ringing careers and used to mainly six-bell ringing – so Sittingbourne proved quite a challenge! I'm sure the Chamber of Commerce was delighted as all the shoppers dived for cover...!

A sumptuous lunch at The Sun, Faversham was followed by a visit to the very scenic setting of Sts Peter and Paul, Boughton-under-Blean (11-0-6), where some very respectable eight-bell ringing was enjoyed by all.

Last and by no means least was St Nicholas, Pluckley (12-3-25). Arriving in the dark and to our surprise, we found the bells half muffled in preparation for the following morning remembrance service. This of course just added to the atmosphere – the rumour being that Pluckley is the most haunted village in England!

Thanks go to Clive Lumsden for organising another great trip and a thank you to my fellow ringers for putting up with my first 'tower captain' experience as I stood in for our own Caroline Levy-Cooper.

## Fraser's Book Corner

### 'Church Bells of England' by H. B. Walters – the elusive dust jacket

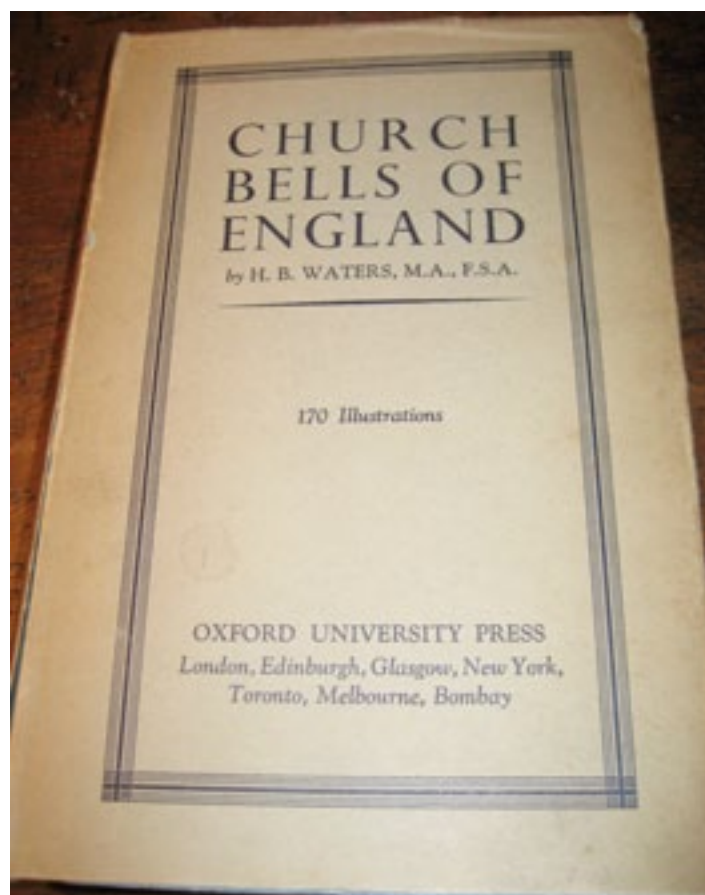

HENRY BEAUCHAMP WALTERS (1867–1944) was an archaeologist and antiquarian, whose working life was spent at the British Museum. He eventually became Assistant Keeper of Greek and Roman Antiquities. He supervised archaeological digs at an early age, and produced numerous papers, catalogues, and books on his professional interests.

Away from work, although not a ringer, he was fascinated by church bells, producing works on the church bells of Essex (1909), Shropshire (1915), Warwickshire (1910), Wiltshire (1927–9), and Worcestershire (1932). He authored small books on church bells for Mowbray's *Arts of the Church* series (1908), and the Society for Promoting Christian Knowledge (SPCK) in 1937, but probably his best known bell book was his *Church Bells of England*, published by Henry Frowde of the Oxford University Press (OUP) in 1912. This is a very comprehensive book, with chapters on founding, ringers, ringing, uses, dedications, and inscriptions. The final chapter is entitled 'Campanology as a Pursuit', and is concerned with the study of bells, rather than the more recent usage of the word as 'the art of bellringing'.

I have collected books on bells and ringing on and off for over fifty years, and I was always intrigued that I'd never seen a copy of this book with a dust jacket (DJ). That is until fairly recently. When I did discover one, I was surprised to see it catalogued as being by H. B. Walters, and assumed this was a typo by the bookseller. Having purchased the book I was amazed to find the DJ was printed H. B. Waters on the front cover and the spine – the bookseller having failed to check the name on the title page, given correctly as H. B. Walters!

The reason for there being very few copies around with DJs may be because the book is fairly heavy, and the DJ is not made of very strong paper. However, my own view is that when the mistake was discovered

the publisher frantically tried to recall all the DJs, but a few were missed. I spoke to the OUP Archivist, who thought Henry Frowde would have been distraught on learning of the error – he was apparently a very proud man who endeavoured to produce the highest quality books. In his defence he was not a well man at the time, and, indeed, retired in 1913, due to his ill health.

I visited the OUP Archives in Oxford this year (the day before the Otford outing to Oxford) in an effort to confirm my idea, but, sadly, many of the OUP records, then in London, were destroyed in a bombing raid in the Second World War, and the letter books which remain make no mention of the mistake. I did learn that only 2000 copies of the book were produced, and the actual publication date was 9th January 1913, although the title page states 1912.

Henry Frowde's letter books reveal the following:

*16th August 1912, to a Mr Hutchinson*

'Unfortunately I was not within reach, having gone away, owing to failing health.'

*30th January 1913 to Mr Hart (Printer)*

'...and I hope that during the little time that remains to me...'

*8th March 1913, letters sent to numerous people regarding Henry Frowde's retirement.*

Notwithstanding the above letters, I believe Henry Frowde, born in 1841, lived on to 1927.

# 100 Club update from Ray Taylor

A whopping 123 shares have been allocated so far this year! 118 shares had been paid for before the draw at the ADM on 6 October 2012 at Edenbridge. That meant that the unpaid 5 share numbers could not be entered into the draw and that there were insufficient cleared funds for a bonus prize.

Many people are now renewing shares online, which is great for me because it saves me having to make trips to the bank to pay in your cheques and cash. The bank details are:

**SORT CODE: 30-97-49      ACCOUNT: 00828429**

If you decide to renew online in future please don't forget to include your name and/or share number as your reference. It is very difficult to know which share has been renewed with just a bank code for reference!

I issue renewal slips and posters to each tower via the July Quarterly Meeting each year. Two weeks before the October draw I still had no idea whether 64 shares would be renewed – *half of the total!* Tessa Worthington kindly phoned everyone to find out and, happily, only four of those shares were not renewed. It was very disappointing that a number of people claimed to have lost or not received their renewal slips. Tessa and I run this charity on a voluntary basis. Please remember that organising, printing, posting and phoning, costs us time and money, for which we are not reimbursed. Tessa and I will rethink how we issue renewal reminders to shareholders next year to reduce the amount of time we have to put into chasing people. Please contact

me if you have any suggestions for how we might make it even easier for people to renew.

Thanks again to everyone who has bought or renewed shares and is continuing to make the Tonbridge District 120 Club so successful.

A brief summary of the rules is given below:

✿ anyone over 16 can buy shares in the Club (registered charity) at £10 each – it's not restricted to KCACR members or even to ringers.

✿ each share has a number which goes into a draw at a District event, starting with the Annual District Meeting in October and ending with the quarterly meeting in July. There are no draws in August or September.

✿ the prizes are usually £20, £15 and £10, but they are doubled in the months of October and January, and there may be a bonus draw at the ADM if more than 120 shares are sold.

✿ all numbers go into the draws, whether taken up or not, and the proceeds from the 120 Club go to the KCACR Bell Restoration Fund, which is also a registered charity.

There is no limit to the number of shares that can be allocated. If more than 120 shares are sold before the first draw of a season then 45% of those additional proceeds are awarded as a bonus prize at the ADM.
